Introduction

The Health and Environment book has been prepared based on the Pre-primary education curriculum and syllabus of 2023 provided by the Ministry of Education Science and Technology. Furthermore, this book is the result of combining two books titled Caring for our Health and Caring for the Environment which were printed in 2019 based on the 2016 curriculum.

The purpose of this book is to enable a child to develop competences in caring for health and environment through the following learning activities:

1. Caring for the body;
2. Appreciating our food;
3. Caring for dishes and utensils;
4. Identifying things in the environment;
5. Cleaning the surroundings;
6. Taking precautions against dangerous things; and
7. Taking precautions against diseases.

Caring for our bodies

Let us sing a song about caring for the body.

This is the way I brush my teeth, brush my teeth, brush my teeth,
this is the way I brush my teeth early in the morning

This is the way I wash my face, wash my face, wash my face,
this is the way I wash my face
early in the morning

This is the way I comb my hair, comb my hair, comb my hair,
this is the way I comb my hair,
early in the morning

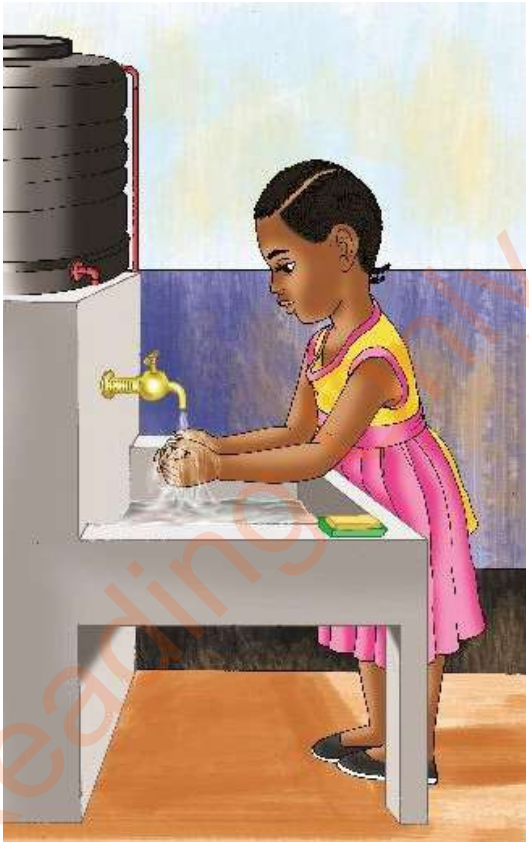

What have you learnt from this song?
